Table 1. Summary of supplementary data files accompanying this manuscript.

File name	Description
travelling_wave.xlsx	Source data for the travelling wave example (Figure 2 in the main text and Figure S3 in the SI).
combustion.xlsx	Source data for the combustion example (Figure 3 in the main text and Figure S2 and S8 in the SI).
ice_melting.xlsx	Source data for the ice melting example (Figure 4 in the main text and Figure S7 in the SI).
corrosion.xlsx	Source data for the corrosion example (Figure 5 in the main text).
fracture.xlsx	Source data for the fracture example (Figure 6 in the main text).
